	<p>SEND/LAC or this effects the progress decreasing the amount of progress made by pupils.</p> <p>In terms of attainment the pupils again are mixed.</p> <p>At end of KS tests/TA – KS1 attained Expected standard. At end of KS2 attained Expected standard (TA) at 75% but 50% in tests.</p> <p>The most successful interventions consisted of pre-teaching to fully prepare the pupils for the learning to be undertaken. Also post-teaching sessions to enable them to reinforce their learning.</p>
Attendance	<p>End of term attendance reports show that there is fluctuation in attendance across the year with similar end result to the year 2017/18. The attendance of FSM pupils across the school is 91.61% similar to previous year. Interventions to address issues have not been as successful with three families persistently not working in partnership with the school or EWO on improving their child's attendance.</p>
Engagement with parents	<p>Each term meetings held with majority of parents attending. The most successful ws the focus on reading with increased reading by pupils. However not necessarily with parents at home due to other circumstances. Need to focus grater on this in 2019/20</p>
