

### **Maths Home Learning – Year 6 – Term Week 4 (w/c 11.5.20)**

During term 5, we will be using the **White Rose Home Learning website** to provide the children with daily videos and tasks to support their maths learning. In addition to this, the children can be continuing their revision using the CGP revision books that most parents purchased. The details of the tasks can be found below. There are 5 sessions from White Rose Home Learning to be completed (if possible) during this week.

**We are working one week behind the dates given on the White Rose website, which gives us time to check the work and add the links to the school website.**

Please email your class teacher if you have any questions.
