

Discussing Ideas

Talk together as a group and jot down your ideas.

Where will you have the special place?	What will be on the outside of the building to make it clear what it is for?
What will people do in your special place?	What outside space will there be?
What rooms will there be inside?	What features from places of worship will you try to include in this special place?
What will you call the special place?	How will the inside be decorated? What will be on the walls, floors and windows?
