

Magic Travel Machine lyrics

*Get on board, take a ticket,
Get on board the magic travel machine.
Get on board, take a ticket,
It'll take you to a place you've never ever seen!*

South to Sahara it's hot and it's dry,
Watching a camel train moving by,
Find an oasis to sit in the shade,
If you hear a hissing snake, don't be afraid!
Sss, sss, sss, sss, sss, sss, sss, sss!

*Get on board, take a ticket,
Get on board the magic travel machine.
Get on board, take a ticket,
It'll take you to a place you've never ever seen!*

North to the Arctic, through cold, frozen seas
Dressed like an Inuit, you won't freeze
Slide down an iceberg to have lots of fun
If you hear a polar bear you'd better run!
Grr, grr, grrrrrrrrrowl!

*Get on board, take a ticket,
Get on board the magic travel machine.
Get on board, take a ticket,
It'll take you to a place you've never ever seen!*

High in the mountains, see forests and lakes
Listen to echoes that your singing makes
Climb every mountain peak, stay on the track
If you hear a yodeller, answer him back!

Group 1: Yo-de-lay-eee-hooo!

Group 2: Yo-de-lay-eee-hooo!

*Get on board, take a ticket,
Get on board the magic travel machine.
Get on board, take a ticket,
It'll take you to a place you've never ever seen!*

Deep in the rainforest, dripping and warm
Beautiful butterflies, bees by the swarm
Monkeys and parrots in trees strangely tall

If you hear just one of them, you'll hear them all.
Bzzz, chatter, squawk (***all at once***)

*Get on board, take a ticket,
Get on board the magic travel machine.
Get on board, take a ticket,
It'll take you to a place you've never ever seen!*
