Start by singing this tricky word song!

Today we are going to make tricky words. Either print out the puzzles below or write tricky words on pieces of paper and cut out each letter. Call out a tricky word and encourage your child to find the correct letters needed to spell the word, remind them that they can't use their sounds.

Once they have completed the puzzles ask them to write each word, can they write them from memory? Encourage them to check their writing with their puzzles to see if they were right!

End by watching our new tricky word song, try to join in!
