

Maths Home Learning – Year 6 – Term 6 Week 5 (w/c 29.6.20)

During term 6, we will be using the **White Rose Home Learning website** to provide the children with daily videos and tasks to support their maths learning. The details of the tasks can be found below. There are 4 main sessions and one Friday challenge from White Rose Home Learning to be completed (if possible) during this week. Once Year 6 children start to attend school in their bubble groups, we will continue with this sequence of learning so it is important they have completed as much as possible while at home. The home learning will continue to be placed on the school website for children who are not going to be attending school during term 6.

We are working one week behind the dates given on the White Rose website, which gives us time to check the work and add the links to the school website.

Please email your class teacher if you have any questions.

Term 6 Week 5 ('Summer Term Week 9' on White Rose Website)

White Rose Home Learning
