

Lesson Three

How much of a Muslim's income should they give away to fulfill Zakat?

Think about how much pocket money or other money that you receive. How much of that money would you need to give away to charity?

Research one area where Muslims show charity using this link:

our-work](https://muslimhands.org.uk/our-work)

Look at the Christian Aid link below and research what they do:

Why do Muslims and Christians believe that it is good to help others in this way? Do you agree? Why? When have you helped others by showing charity?
