

WALT: share our ideas on the journey of life

Think about these questions:

What are some of the big steps along life's journey?

Who can help you along life's journey?

What will make you safe as you travel along life's journey?

What are the challenges you might face on the journey of life?

Is following a religion challenging? Why? Why not?

What do you think should be in a marriage contract? What promises should be made? Create your own contract and decorate it. Below are some pictures of Jewish wedding contracts to give you some ideas.
