

# Design and Make a Hand Puppet

## You will need:

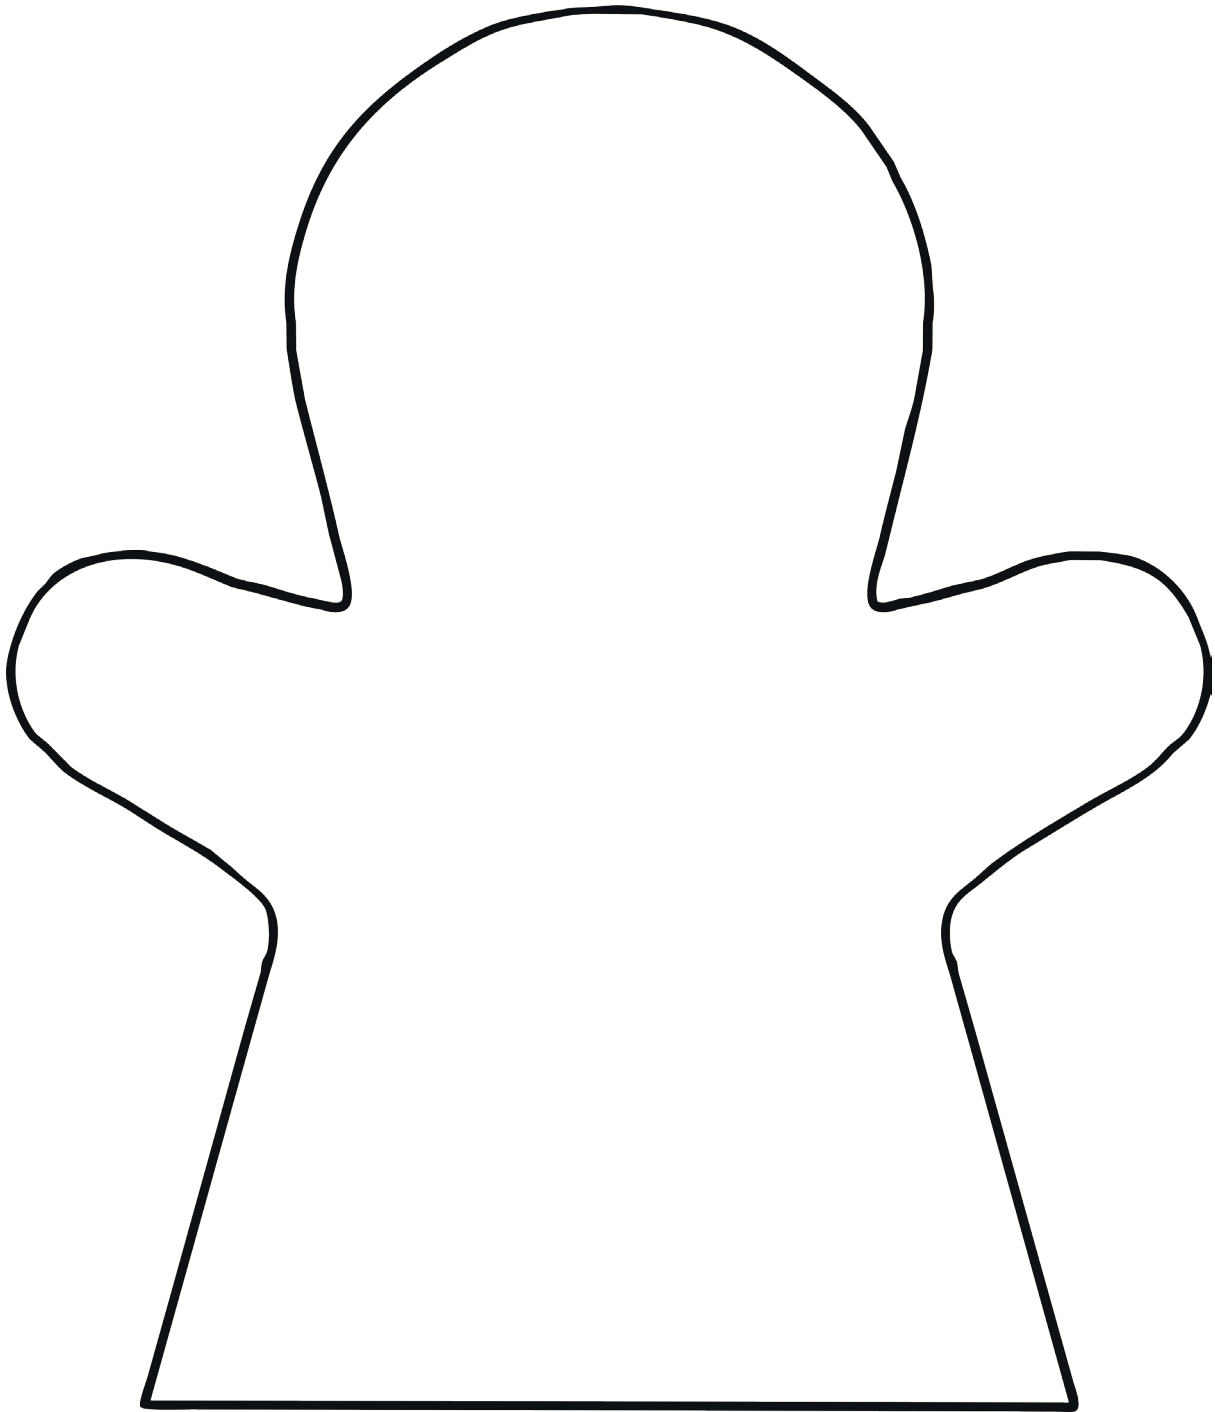

1 x A4 size piece of felt;  
baking or parchment paper;  
sewing pins;  
scissors;  
an embroidery needle;  
thread;  
buttons;  
fabric paint;  
fabric glue;  
ribbon

## Instructions

1. First, you will need to design your puppet. Use the template to plan out what your puppet will look like, front and back. Think about how you could use buttons, ribbon and fabric paint to decorate your puppet.
2. Once you have completed your design, place the baking paper over the template and trace the design.
3. Pin the baking paper with your design to the piece of felt.
4. Cut around the design on the felt. When you have finished, remove the baking paper.
5. Next, place the front and back pieces of your felt template together. Use the embroidery needle to sew around the edges of the puppet. Make sure to leave the bottom open for your hand to go!
6. Decorate the front and back of your puppet according to your design, use fabric paints, buttons and ribbon.
