

December 2019

GREAT EXPLORERS

Dear Parents

As part of our new topic, which we will start in January, we would like to begin with a WOW day where every child will be involved in activities that introduce them to life as an explorer!

During the day, we will be taking part in a range of activities. We will be finding out about the food of explorers as well as tasting space food, exploring space through model building and art and plotting maps using compass points and coordinates.

We are planning to do this on Wednesday 15th January 2020. So, to help create a day where the children can let their imaginations run away with them and enter into the world of adventurous explorers, please could you send your children to school dressed appropriately to complement the theme.

Please let us know in advance if your child is allergic to any foods so that we are able to make sure they are able to take part as well.

Thank you for your on-going support,

Miss S Hake

Mrs. D Leonard
