Who can remember our new sound?

Practice saying this trigraph

7/1/2021

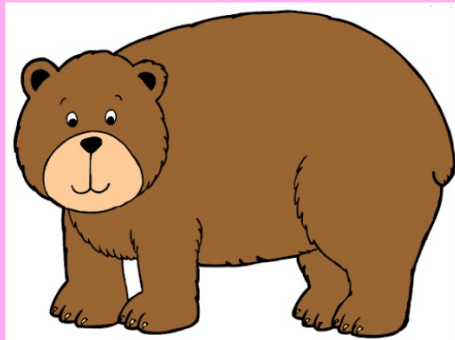

This trigraph can be sounded out in 2 ways

Can you see our new trigraph in these words?

Can you hear the difference in sounds?

bear

fear

7/1/2021

Quick read of these words

Remember that the trigraph can make 2 different sounds

dear

beard

year

clear

wear

near

pear

hear

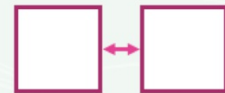

bear

7/1/2021

Match the words to the right picture and meaning.

dear

hair on a man's face

hear

do this with your ears

beard

close to something

near

you write this at the
start of a letter

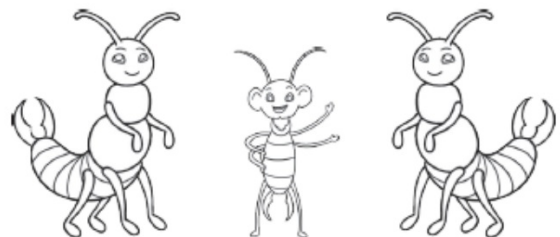

7/1/2021 Can you find and highlight the ear words?

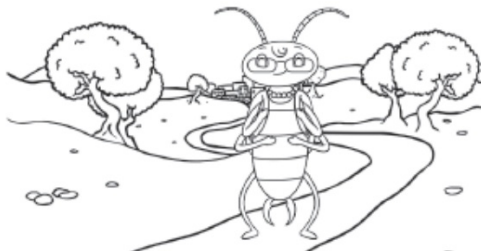

ear Phoneme Spotter Story

At the rear of a shed, there lived a family of earwigs. There were three dear little children that had been born at the start of the year.

The smallest, called Sid, was clearly different: he had a beard and two big ears! The mother earwig always kept the children near.

But one afternoon her fear came true! She got home and Sid was not near! So she went to find him, taking all her gear (and some glasses to help her see clearly).

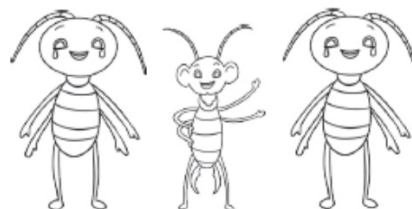

When she reached a nearby bush, she could hear something. She put on her glasses and saw Sid. He was stuck. His beard was stuck on a thorn!

ear Phoneme Spotter Story

Never fear! Mummy Earwig to help Sid! She looked in her bag of gear and found some shears to cut the beard!

Sid was glad and his siblings shed a tear when he came home to the rear of the shed.
