Let's get warmed up!

<https://www.youtube.com/watch?v=anYJvL9kZoU>

Find different ways of making the number 6. You might draw 6 dots, 6 crosses, 6 lines, 6 flowers.

Can you draw the digit 6? Use this little rhyme to help you remember how to form it.

Don't forget to bring your part, part, whole model with you tomorrow and 6 things to count with (counters, lego, unifix etc.).
