Dear Dad,

Dad I miss you so much, I was very worried, scared and lonely when I woke up by myself. I rode on a barrel all the way to an island! It's so different here, it's hot, bright and sunny all the time. It's covered in warm, yellow sand and lots of tall, green trees! I have met a hippo called Henry who is looking after me, he is going to help me find you. When I get home we can catch up over a big, fresh fish supper and can go on lots of hunting trips. I can't wait to see you again.

Love from Lars
